

School Uniform, Equipment and PE Dress Code 2021/2022

William Farr School is committed to setting high standards in all aspects of school life. The school uniform plays an important part in this process, promoting consistency in standards and helping to set the right climate for learning for all pupils. It reflects our school ethos and provides an identity within the school and the wider community. If pupils take pride in their appearance, they take pride in themselves, their school and their learning.

All pupils in Years 7-11 must wear school uniform whilst at school and on school organised activities, unless otherwise instructed. There is no exception to this rule. This uniform is designed to reflect the high standards and expectations of the school and we look to the support from parents in its implementation. Should parents have any questions regarding this uniform, they should contact their child's respective Head of Year.

An up-to-date-list of the school uniform requirements, including PE dress code and equipment, is set out below.

Summer School Uniform

Pupils will be informed when the summer school uniform applies. Pupils may wear the summer school shirt (as described above) without a school tie and blazer. The rest of the normal school uniform applies. If pupils do not wish to wear the summer school uniform, they must continue to wear the normal school uniform. If a blazer is worn a tie must be worn at all times.

Electronic Devices – Mobile Phones/iPods/iPads

Mobile phones, iPods and other electronic devices are not allowed in school. The rationale behind this decision is two-fold. Firstly, we know from other schools which allow such devices the level of disruption that can be caused. Secondly, the school has an open policy in terms of pupils using the school telephone to communicate with parents where necessary. Pupils attending after-school sporting fixtures may bring their mobile phones into school provided they are handed into reception at the start of the day. Please can parents notify the school in writing if this is the case. Mobile phones are also sometimes allowed when pupils are going on an educational visit. Information about this will be provided by the visit leader.

Under no circumstances are pupils allowed to have a mobile phone in their possession during the school day. If pupils are found in possession of a mobile phone, the School Behaviour Policy will apply. In terms of electronic devices such as Kindles and iPads the school would like to allow pupils to use these to support their learning. These devices must only be used as a learning tool.

Any device which has mobile internet capability must not be brought into school. This includes Smart Watches. The school accepts no liability or responsibility for any electronic devices brought into school. Pupils bring them into school entirely at their own risk. Failure to follow this Code will be dealt with in line with the School Behaviour Policy.
